The Necessity For Ruins And

The title essay, "The Necessity for Ruins," begins as a reverie on the importance of public monuments before wryly concluding that history has fallen victim to preservation and the heritage industry. These engagingly written essays are the product of an enquiring mind determined to find meaning in our everyday surroundings..

The Necessity for Ruins: And Other Topics: Jackson, J. B ...

The Necessity for Ruins and Other Topics. Essays examine the way we perceive landscape, the effect of gardens and cities of the past on the landscapes of the present, and the way American architecture has broken with tradition. Discussion relates the importance of space to relativism throughout time.

Ruins (from Latin ruina, meaning 'a collapse') are the remains of human-made architecture: structures that were once intact have fallen, as time went by, into a state of partial or total disrepair, due to lack of maintenance or deliberate acts of destruction. Natural disaster, war and population decline are the most common root causes, with many structures becoming progressively derelict over ...
