The Rational Optimist: How Prosperity Evolves. Life is getting better—and at an accelerating rate. Food availability, income, and life span are up; disease, child mortality, and violence are down — all across the globe. Though the world is far from perfect, necessities and luxuries alike are getting cheaper; population growth is slowing; Africa is following Asia out of poverty; the Internet, the mobile phone, and conta.

The Rational Optimist: How Prosperity Evolves by Matt Ridley

The Rational Optimist is a 2010 popular science book by Matt Ridley, author of The Red Queen: Sex and the Evolution of Human Nature.The book primarily focuses on the benefits of the innate human tendency to trade goods and services. Ridley argues that this trait, together with the specialization linked to it, is the source of modern human civilization, and that, as people increasingly ...

The Million Moron March, and political tribalism - Frank ...

The 'Rational Optimist' posits the theory that THE key feature of humanity that has given rise to progress and prosperity is trade and exchange - more than any other thing. Not education, not culture, not government, not science, but the free market - and this going right back to our earliest hunter-gatherer origins.

The Rational Optimist by Matt Ridley | Audiobook | Audible.com

The Rational Optimist teems with challenging and original ideas...No other book has argued with such brilliance and historical breadth against the automatic pessimism that prevails in intellectual life. Ian McEwan. Invigorating...For Mr. Ridley, the market for ideas needs to be as open as possible in order to breed ingenuity from collaboration.
