The Royal Touch Simply Stunning Home Cooking From A Royal ...

The royal touch was a form of laying on of hands, whereby French and English monarchs touched their subjects, regardless of social classes, with the intent to cure them of various diseases and conditions. The thaumaturgic touch was most commonly applied to people suffering from tuberculous cervical lymphadenitis, and exclusively to them from the 16th century onwards. The disease rarely resulted in death and often went into remission on its own, giving the impression that the monarch's touch cure
